

# REGISTER AS A MARROW/STEM CELL DONOR TODAY!

**Kim, 47**, was diagnosed with Large B Cell Lymphoma in January 2012. Kim will need a bone marrow/stem cell transplant to treat her life-threatening blood disease. She is a retired USAF and Air National Guard Chief Master Sergeant, she served her country for 27 years. Kim is adopted, therefore has no immediate family matches. Kim is of *Korean descent* her donation will probably come from someone who is of Korean or Asian descent. *Please register to become a potential bone marrow/stem cell donor today!*

Kim, Korean.  
Lymphoma

*be the one to*  
**save a life**

## RACE AND ETHNICITY AFFECT MATCHING;

*There is a severe shortage of minority donors on the national registry.*

**10 minutes  
is all it takes!**

### You must:

- Be between the ages of 18-44
- Meet general health requirements
- Fill out consent form
- Do a cheek swab  
(no pain/no needles)

### REGISTER!:

- Visit [www.aadp.org](http://www.aadp.org)
- Register at a local drive
- Request a home test kit
- Register online:  
<http://join.bethematch.org/AADP>

*Registering to become a bone marrow donor is the first step to helping patients find their life saving match.*

Your registration to the Be The Match program not only increases the minority donor pool, but also the chances for patients finding a donor early in their diagnosis.

There are 10,000 patients searching for their life saving match. Help patients, worldwide, find their match and give them a second chance for a healthy life!
