

DID YOU KNOW?

The WI Department of Veterans Affairs offers a onetime initial license fee waiver for qualified veterans. If interested in this program keep in mind this is only good for one license so use it wisely. For example if you are a Plumber your Journeyman license fee is only \$55 but a Master Plumber license fee is \$75. I recommend researching your most expensive license and using it then. You can apply online at the WI Department of Veterans Affairs website www.WisVets.com

Why you should know about the Licensure Fee Waiver Program:
